(a) wet season, diurnal composite
(b) dry season, diurnal composite
(c) Monthly net correction
(d) Modelled diffuse fraction
Spectral - broadband (W m^{-2} K^{-1})
$\Delta J_{SW,in}$
$\Delta J_{SW,out}$
$\Delta\sigma$
Local standard time (h)
$\Delta\sigma$ (W m^{-2} K^{-1})
Diffuse share of daytime SW_{in} (Erbs)
